

Postdoctoral RA Position at the University of Adelaide

The University of Adelaide High Energy Physics group has an available position for a postdoctoral research associate to work on the ATLAS experiment. The group currently participates in novel searches for Supersymmetry and measurements of the Higgs boson, and is involved in upgrade work on the Inner Tracker (ITK) and Fast Tracker (FTK).

More details can be found at the following link:

<https://inspirehep.net/record/1639806>

Term of Position: This is a fixed-term position offered for a period of 2.5 years commencing in July 2018.

Further Information

Please contact A/Prof Paul Jackson, email:

p.jackson@adelaide.edu.au.

Additional information about our group can be found at:

<https://physsci.adelaide.edu.au/hep/>

Applications

Closing date: 31st January 2018, but applications will continue to be accepted beyond that date until the position is filled.

Applications emailed to p.jackson@adelaide.edu.au should:

- include a résumé/Curriculum Vitae, list of publications and a statement of research interests
- include residency status
- Arrange for three referees to email letters of recommendation to: p.jackson@adelaide.edu.au.
